

Street Swing Partner Dance

Intro to Street Swing
together and apart, 'round and 'round, and away we go

The Play Circle – Why (Purpose), What (Principles), How (Practice)
Connecting dance and daily life, swing and the street.

Why Purpose

Engage life as play.

Play is defined as **imaginative interaction**.

Play is an attitude rather than an activity.

Emphasize process over performance.

What Principles

Swing In the midst of life filled with multiple options, discover **connections**.

For dance, **incorporate** different styles.

Street In the midst of life defined by change increasing exponentially, look beyond technical solutions to **adaptive** solutions.

For dance, employ **improvisation**.

Partner In the midst of life characterized by changing roles, recognize **interdependence** and influence the interaction.

For dance, engage in greater **mutuality**.

Dance In the midst of life bombarded with competing messages, tune into the rhythms of life and **interpret** accordingly.

For dance, let the music **guide** you on what to do.

How Practice

Arthur Murray meets Contra Folk in the Google Age.

Arthur Murray – Stride and glide through life centered and collected.

Contra Folk – Embrace natural rhythms of life.

Yin and Yang

Circle of existence

Life as a journey

Google Age – Intuitive

Live your life with imagination and improvisation.

Recapture the spirit of Jazz Dance in the Ragtime Era for the Google Age.

After finishing a particularly lively improv polka dance, a woman asked me my favorite kind of music for a dance. I replied, "Honky Tonk." This genre is otherwise known as Texas dance hall music.

[Honky-tonk - Wikipedia](#)

Before World War II, the music industry began to refer to [hillbilly music](#) being played from Texas and Oklahoma to the West Coast as "honky-tonk" music. In the 1950s, honky-tonk entered its [golden age](#), with the popularity of [Webb Pierce](#), [Hank Locklin](#), [Lefty Frizzell](#), [Ray Price](#), [Faron Young](#), [George Jones](#), and [Hank Williams](#).

[Images for honky tonk music](#)

Ameripolitan artists such as Asleep at the Wheel and Dale Watson seek to carry on this tradition. I like the smooth pace and the brisk tempo of their music.

[Ameripolitan - Wikipedia](#)

Ameripolitan is a genre of contemporary original music encompassing four prominent subcategories: [Western swing](#), [honky-tonk](#), [rockabilly](#) and [outlaw](#). Championed by [Austin](#)-based singer [Dale Watson](#), the ameripolitan genre was established for contemporary artists upholding traditional roots-influenced musical formats to distinguish themselves from the formats produced by the mainstream [country pop](#) music industry.^{[1][2]}

Otherwise, I enjoy various kinds of up-tempo music. I appreciate what a leader of an old-time band, which also plays Western Swing, said, "If they can't dance to it, we don't play it." Following are songs from various genres. In addition, I include links to YouTubes, videos, and resources on the following dances: Balboa, Black Bottom, Boogie Woogie, Cajun, Charleston, Collegiate Shag, Contra, Country, Cumbia, East Coast Swing, 50s 60s Rock and Roll, Honky Tonk, Hustle, Jazz Dance in the Ragtime era, Jitterbug, Jive, Jump Blues, Lindy Hop, Merengue, Peabody, Quebradita, Rockabilly, Salsa, Savoy Style Lindy Hop, Swing Dance, West Coast Swing, Zydeco. In addition, check out the Movies section to watch dance scenes from movies.
